Fall has arrived, with the cool temps, rain and shorter days. The leaves are starting to turn colors and turn lose as well. A great time to ride through the country side, mountain roads or even along the coast lines.

Speaking of riding along the coast, the Mississippi District Rally will be coming up soon. October 26-28,2023 at St Martin Community Center, (11504 Lemoyne Blvd, Biloxi, MS 39532).

We are looking forward to riding back roads to MS for the District Rally. Then ride along the coast while attending the rally. Maybe even a trip to Shaggy's for lunch or one of the other fine eating establishments in the area.

If you feeling lucky you may even want to spend some time at one of the Casino's. Not for me though, I always wind up paying and not winning anything.

We hope that you will come along and join us as we travel to support our Friends and Family in Mississippi. You might even be one of the big cash winners. If you didn't know, they are going to be drawing for 5 chances to win \$500 ea. (Sponsored by KD Cycle.

HAPPY HALLOWEEN

FRIENDS for FUN, SAFETY and RIDING

EAGLE WINGS MOTORCYCLE ASSOCIATION

We attended the Alabama District Rally Sept. 28th-30th, where they do things just a little different. You may just want to take by word on that, pictures or videos could have lasting affect on you. We were invited to a wedding and Boy was that interesting. The Bride and kin folks were from West Virginia. The bride had a beard and I think I heard that the bride and the groom were cousins. Yes, there was a shotgun involved. During the wedding it was revealed that the Groom was already married to another family member of the brides family and there were illegitimate twins in the mix as well.

Of course the wedding was part of the talent show. The talent show was great, yet only a small part of the FUN we experienced while at the Alabama District Rally.

We also attended the Website training seminar with Mike Melton "EWMA Webmaster". And there is a great deal of information on the National website if you will just take time to explore the website. So lets start using the recourses that we have available to us. If you need help logging into or navigating the National Website please feel free to contact the EWMA Webmaster at eaglewings.web@gmail.com. Mike is more than willing to assist you.

What do I get with my EWMA Membership? Well that may be hard question to answer for some, but for me it is pretty simple. With our membership, Vicky & I belong to a network of motorcycle friends and family all across the USA and beyond. Yep it's about the People, Riding and FUN we all have together. If you are new to this organization you may not understand this just yet. But if you will participate in a Local Chapter and get involved, visit other Chapters that is within your reach. Let them know you want to be a part, don't just set on the back row and you will soon see what I am talking about. Get involved and you will make friends with some good people that like to ride and socialize with each other. They will share information with you about Riding and Safety, as well as funny stories that you will always remember. They will have your back and you will have theirs! You will see and do things that will make you laugh and have things happen that may embarrass you, and maybe even cry together, but in due time you all will look back and enjoy the memories. That's just being family. You will be amazed at the number of Friends you will make through EWMA if you just participate in the different events made available through the organization.

Yes, there are more benefits such as motel, printing and motorcycle towing service discounts available through EWMA? There is also an Eagle Book available on line that has Member information available if needed. But The PEOPLE , FRIENDSHIP and FAMILY bring it all together. If you don't have a Chapter in your area, get with you District Director and start one.

Ride Safe,
Tommy & Vicky
