Hello EWMA Members,

Vicky and I hope that everyone had a Great Thanksgiving! Now that the holiday season is upon us and we are winding down 2023. Let's do a little flashback of the EWMA/Georgia Activities in 2023. The following activities were made available for the Members participation and we hope that you were able to take advantage of these opportunities.

- Getting Started Ride to Buckner's Family Restaurant 2/6/2023
- District Picnic at Little Ocmulgee State Park 4/15/2023
- EWMA Rendezvous 8/31-9/2 2023
- Georgia District Ride-In 9/15th-16th 2023
- 6 – additional District Rallies within Region "A"

Lets also remember all the Chapter gatherings and rides throughout the year as well. We had the opportunity to spend time with many of you at many of these events. The Fun we shared with laughter, sharing a meal together, planning and sharing ideas, riding together through some awesome back roads, the joy of winning a prize or sharing the joy of a fellow member that won or maybe some tears and

hugs shared while consoling a fellow member in time of grief or pain. These experiences have created memories that will last a lifetime.

One of the best gifts one can receive is the gift of time to spend with our family and friends. It is our wish that each of you receive that gift this holiday season. We have many friends and family members within the EWMA Organization and even though we may not be able to spend time with you during the holidays. We are grateful for the time we get to share throughout the year. That is why Vicky and I attend as many EWMA activities as we possibly can.

**Until then we wish each of You
A MERRY CHRISTMAS and HAPPY NEW YEAR !!**

Safety Note

The Wind Chill factor plays a big part in riding. See the attached windshield chart and plan well when riding in cold weather. As you can see on the chart in 60 degree weather at 60 MPH the wind chill drops 19 degrees to 41 degree. If you notice the temperature actually gets higher in hotter weather with higher speeds as well, once the temperature reaches 90 and above.

Pay attention and take the time to make sure you have the proper gear and take the precautions necessary for the weather you are riding in.

Ride Safe,

Tommy & Vicky
