January's cold weather is behind us and Beauregard the Ground Hog has confirmed that spring is on the way, LOL! We hope you all are getting excited and ready to ride. Let's get those bikes shined up and checked out and ready to hit the road.

These sunny days we've had recently are really calling on us to get those bikes rolling. There are many opportunities to ride. Ride to a Chapter gathering or meet and eat. Maybe even plan a ride for your Chapter and invite your friends. Visit a neighboring Chapter or join in on one of their scheduled rides. It is always more fun riding with friends!

We want to thank all that bear the cold weather and came out to participate at the Kick Start 2024. We had a good turnout and enjoyed the time we spent with everyone. There was some great fellowship with lots of hugs and laughter.

The meal at Buckner's was exceptional as always and of course I ate too much again, "But it's soooo good!" We had a few lucky winners that went home with a nice door prizes and/or some extra cash.

During the Kick Start we had a discussion on the importance of Chapter gatherings, meet & eats, etc. I feel that it is very important for our EWMA Members to be involved with an EWMA Chapter. It is important to have a Chapter Activity, Meet & Eat or some type of Gathering at least monthly where everyone can come together and meet face to face, shake hands or get a hug and have some fun socializing, sharing information and spending a little time together. This is how EWMA friendships and families grow.

The Georgia District Team are visiting Chapters from time to time and we look forward to visiting you. We just visited GA Chapter F2. They held their gathering at the local Library in Harlem, GA and we had a great time. Afterwards, we walked across the courtyard and had lunch with the Chapter Members at a great little place called Monte Olivos. The food was very good and service to match! If you have an opportunity make plans to visit Chapter F2, there a great group and will welcome you with open arms. You can follow them on face book EWMA F-2Georgia-Lina Ryders. Thank You Members of GA-F2 for your warm hospitality.

There are some very creative and talented Members in our District. At the Kick Start 2024 the District provided each Chapter with a star wire frame as a Chapter challenge. The idea is for the Chapter to decorate the star based on the guidelines provided. Each Chapter will bring their decorated star to the Georgia District/Region "A" Ride-In in Dillard to be judged. The Chapter with the winning star will receive their Chapter Charter Fee paid by the District for 2025. We are so excited and looking forward to seeing the beautiful decorated stars by each Chapter.

Valentine's Day is just a few days away. Gentlemen don't forget that special gift for your Sweetheart.

### Safety Tip:

Even though folks say Beauregard the Ground Hog has clamed an early spring, we still have some cold weather ahead for us in Georgia. So lets make sure we have enough layers of clothing when riding. It may be warmer when we start our ride but temps may drop before returning. So plan ahead and pack an extra layer on the bike just in case you may need it. **Mild Hypothermia Signs & Symptoms include: Pale and cool to touch, numbness in the extremities, Sluggish responses, drowsiness or lethargic, shivering, increased heart rate and breathing.**

Ride Safe,
